INVITATION TO BID

AC/ Heating Units Equipment

August 28th, 2017

1. The Jacksonville North Pulaski School District is soliciting sealed bids and/or secure email bids for air conditioning and heating units. All bid specifications are posted on the “Request for Proposals” page of the school district website. The link is at the bottom of the main home page in the blue banner.
2. Bidders should have an Arkansas presence in order to provide prompt on-site technical support when needed by the district.
3. All bidders must complete the **BIDDER AFFIDAVIT** and include in bid packet. The form is posted on the “Request for Proposals” page on the school district website.
4. All sealed or emailed bids are due to the superintendent’s office no later than **NOON on September 8, 2017.**
5. The District reserves the right to reject any or all bids and waive any formalities in bids received. Price alone may not be the determining factor. Award will be based upon those considerations, which are in the best interest of the District and will be made to the responsive, responsible bidder whose bid is judged to be the most effective and economical for the requirements and specifications stated in the Invitation to Bid. Proposals which fail to comply fully with any provision of the bid documents will be considered invalid and will not receive consideration.
6. Contact Person: Kevin Stalnaker, ph 501-951-1216, email kstalnaker@jnpsd.org
7. Sealed bid proposals by mail or email shall be addressed to the undersigned:

Mr. Greg Hodges
Assistant Superintendent
Jacksonville North Pulaski School District
1414 West Main St
Jacksonville, AR 72076
ghodges@jnpsd.org

Jacksonville Middle School: (2) Trane 10-ton 460 volt 3 phase gas/electric RTU roof top AC/Heating units

- Contractor to properly reclaim, demo, and dispose of existing (2) Trane 10-ton 460 volt 3 phase gas/electric roof top package units with R22 refrigerant.
- Contractor to provide (2) new Trane 10-ton 460 volt 3 phase gas/electric RTU with warranty.
- Contractor to install new (2) Trane 10-ton 460 volt 3 phase gas/electric roof top units with R410A refrigerant.
